Service letter on [redacted]

Mr. Moore stated that the Committee was forwarding us a letter requesting that we release to them our strength figures, and suggested that upon receipt of the letter that we discuss the matter with the Chairman, adding that we would be "surprised" at the response we would get. I again assured him that our objection was not to furnishing the Chairman with the figures, but to their publication. Mr. Moore further inquired whether it was true that we had reinstated personnel whom we had fired. I assured him that it was not true, but that what had occurred was that we had suspended some employees pending proceedings, and that when we had determined not to terminate them, they had been reinstated.
